Logistic Regression
(Predictive)
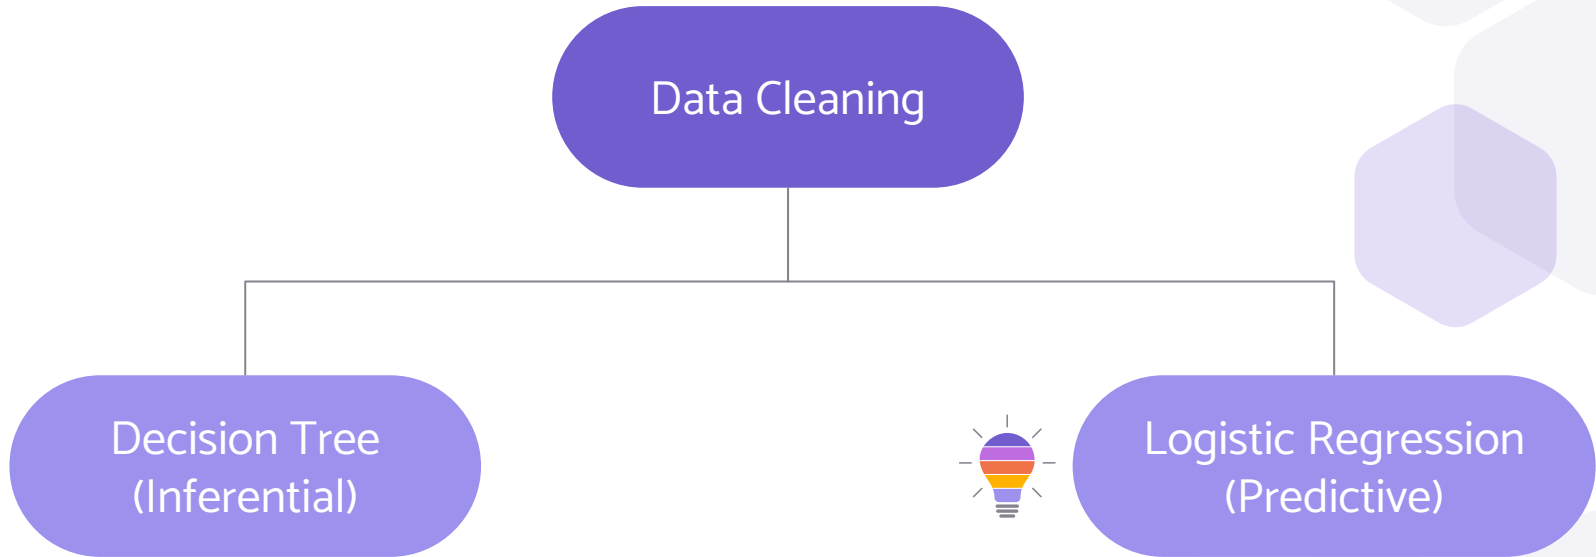

Model Accuracy

78%

Campaign Focus

1. Respondent's **opinion about risk** of getting sick with seasonal flu without vaccine.
2. Respondent's opinion about **seasonal flu vaccine effectiveness.**
3. Seasonal flu vaccine was **recommended by doctor.**

Top 10 Feature Importance

50 out of every **100**

respondents

If recommended by the physician

92 out of 100

received the seasonal flu vaccine

3 out of 4

respondents believed that the vaccine was of any effect in preventing sickness

Recommendation

- **Tailor advertisements that can raise awareness on:**
  - **Risk of not receiving vaccine**
  - **Vaccine Effectiveness**
 - **Doctor's Recommendation**
Future Implementations

- **Pinpoint Target Audience**
- **Apply Knowledge from other pandemics**
  - Covid-19, SARS, H1N1

Thanks!
